**Subject:** Request to Return to Detection Monitoring  
Three Mile Class I Landfill

Dear Dennis:

Summit County Three Mile Landfill groundwater monitoring has been under an assessment monitoring plan since 2001. The landfill has monitored the list constituents in section R315-308-4 quarterly and the constituents in Appendix II, 40 CFR part 258 on an annual basis. Monitoring data from the landfill groundwater compliance wells demonstrated that all constituents sampled for assessment monitoring as required by the rule R315-308-2(12) were below detection levels, or were detected inconsistently by way of laboratory error at least in the last two years.

Therefore, as stipulated by the solid waste rules section R315-308-2(12) (f) the County is requesting to return to detection monitoring and sampling the required constituents twice a year.

Sincerely,

Cliff Blonquist  
Summit County  
Special Projects Manager

Re: Financial Assurance Plan, Three Mile Canyon and Henefer Landfills

To Whom It May Concern:

This letter and Attachment are provided to establish financial assurance sufficient to assure adequate closure and post-closure care of Three Mile Canyon Class I landfill and Henefer Class IV Landfill as required under Utah Administrative Code (UAC) R315-309. Total Closure costs have been estimated at \$1,096,288 (\$916,328 and \$179,960 for the Three Mile Canyon and Henefer Landfills respectively) by Bingham Environmental, Inc. (Bingham) in accordance with UACR315-309-2(3) and are attached to this letter. Summit County intends to establish financial assurance using the Local Government Financial Test as provided by UACR315-309-3(7) and as demonstrated as follows:

UACR315-309-3(7)(b)(i)

Summit County currently has unsecured outstanding general obligation bonds and has been issued a rating of AA- by Moody's on those bonds.

UACR315-309-3(7)(b)(iii)

Summit County's financial statements are audited by Ulrich & Associates an independent certified public accounting firm, and are prepared in conformity with Generally Accepted Accounting Principals for governments.

UACR315-309-3(7)(b)(iv)

Summit county has prepared the 2006 fiscal year comprehensive annual financial report which includes a reference to the closure and post-closure care costs assured through the financial test including; a) the nature and source of the closure and post-closure care requirements, b) the reported liability at the balance sheet date, c) the estimated total closure and post-closure care costs remaining to be recognized, d) the percentage of landfill capacity used to date, and e) the estimated landfill life in years.

UACR315-309-3(7)(d)(i)

The costs of closure and post-closure care of the Three Mile Canyon and Henefer Landfills are the only current costs that Summit County is assuring by a financial test. I certify that Summit county currently exceeds the requirements of Subsections UACR315-309-3(7)(b) and (f) for closure care costs of the Three Mile Canyon and Henefer Landfills. Summit County's total operating revenue for 2006 was \$45,580,730 allowing the assurance of up to \$20,029,714 (43%) under the Local Government Financial Test.

UACR315-309-3(7)(d)(ii)

Summit county's independently audited financial statements prepared by Ulrich & Associates, for the 2006 fiscal year are attached to this letter.

UACR315-309-3(7)(d)(iii)

A report to Summit County from a independent certified public accountant stating the procedures performed and the findings relative to the requirements of Subsections UACR315-309-3(7)(b)(iii) and UACR315-309-3(7)(c)(iii) and (iv) in the audit.

UACR315-309-3(7)(d)(iv)

A copy of the 2006 fiscal year comprehensive annual financial report which includes a reference to the closure and post-closure care costs assured through the financial test is provided to the DSHW as part of the 2006 annual report.

Thank you for your attention to this matter. Please do not hesitate to contact me if you have any questions or require additional information.

Sincerely,
